- ✓ **E.ON Hungaria Sc.**
  - 2005-2006 **Full Project Management.** Within the frame of One Eon project, the Board and the management of all E.ON companies in Hungary should be centralized. My responsibility was to coordinate and manage this part from the selection of the premises; the signing of the lease contract, design, construction, implementation including new furniture's, moving and secures all the infrastructural security during the transfer. I still support them with development and facility management. The project involved **more than 500 employees and over 14.000 m2 leased area.**
    - Financial responsibility: around: **12.000.000 eur**
- ✓ **Equis Ltd.**
  - 2004-2005 **Director for Project Management division.** I was responsible to build, start up and lead the Project Management division for Equis Hungarian subsidiary. During this time I also was responsible for three Interspar warehouses and the Jabil Circuits new factory in Ukraine.
    - Financial responsibility: around: **5.000.000 eur**
- ✓ **Waterworks of Budapest Sc.**
  - 2003-2004 **Project Management.** Tendering and leading the complex and complicated projects for the waterworks of Budapest. Examples: The new water-tower construction, all pipe reconstructions in downtown and complete road reconstructions where all public utilities are involved (water, course, gas, electricity and telecommunication)
    - Financial responsibility: around: **8.000.000 eur**
- ✓ **Reax Sc.**
  - 2003-2003 **Preparation and Calculation.** Prepare the calculations and design for the tender of **Lybid-Plaza** shopping centre in Ukraine.
    - The amount of the tender: around: **22.000.000 eur**
- ✓ **CFE Ltd.**
  - 2002-2003 **Change and risk management.** When **Gresham Palace Hotel \*\*\*\*\*** project was more than 14 month delayed I was asked to make an action plan of all necessary steps to cut down the liquated damages, finalize the construction and make it possible to open the Hotel.
    - Financial responsibility: around: **10.000.000 eur**
- ✓ **Emil Lundgren Sc.**
  - 2001-2002 **Project Management.** Responsible for all electrical Quantity-and Quality assurance and responsible for the implementation of sound, vision and entrance systems at the extension of **Arlanda airport Terminal PIR F.**
    - Financial responsibility: around: **15.000.000 eur**
- ✓ **Emil Lundgren Ltd.**
  - 2000-2001 **Project Management.** Responsible for all electrical implementation including procurement and scheduling for the new **Óbuda Gate premises (app. 20.000 m2)** in Budapest
    - Financial responsibility: around: **2.000.000 eur**
- ✓ **Transinvest Ltd.**
  - 2000-2003 **Independent engineering.** Making Quantity-and Quality supervising, budgeting and status reports on the improvement of the construction (electrical and mechanical) for the investing Banks, minimum once a week. Payment to the contractors and changing in schedule could only be made after my approval.
    - **Ganz Transelektro Transformer production** Tápiószele
    - **Hotel Le Meridien \*\*\*\*\*** Budapest
    - Financial responsibility: around: **6.500.000 eur**
- ✓ **Skanska-Foundation Ferihegy Contractors Ltd.**
