

The Swedish Chamber of Commerce in Hungary, Skool and Sigma Technology cordially invite you to an exciting workshop:

# LET'S SPEAK AI!

**10 October 2023, 8:45 – 11:00**

In one way or another, we have all been touched by the vast capabilities, and also some of the threats, AI is bringing.

A lot will depend on when and how the upcoming generations embrace AI and other new technological advancements.

Skool helps kids get to know and learn about the marvels of technology. During the event, we will learn more about Skool, what they do for business and society, and why it is important for companies to care.

We will also learn more about AI, and how we, current users, can benefit from it already today.

**Venue: Sigma Technology,**

1093 Budapest, Közraktár u. 30-32. 6<sup>th</sup> floor

## Agenda

- 8:45** – Registration, networking
