

Dear Members,

2023 has been another year of challenges. Our businesses are working hard in a turbulent international environment and we are proud to see the agility of our member companies.

The Swedish Chamber of Commerce in Hungary has had a successful year. While keeping the popular professional events such as CEO&HR Forum, we have also broadened our services with new offerings, such as the manufacturing platform.

Altogether we had 25 events, including joint events with our partner chambers, and of course our staple traditional events: Midsommar and Lucia.

No matter what we did, Swedish core values of Sustainability, Innovation and Diversity were always on the agenda. Big thanks to the Embassy of Sweden for their partnership in many of our activities.

Thank you for your great cooperation in 2023. We wish you a Merry Christmas, peaceful holidays and a Happy & Successful New Year!

We are looking forward to continuing our partnership in 2024.

God Jul och Gott Nytt År!

Roland Jakab
